

# Team P7 Class Newsletter

September 2020

Hello and welcome back after such a long time away! It is lovely to see all the children back at school and for a bit of normality to return to our everyday lives.

We are all working together to make our classroom safe, nurturing and happy as we live through these strange times.

We have created our very own class charter which we have all signed as an agreement to try and help one another settle back into the working routines of school life, which will take time.

We have lots of exciting things planned and look forward to sharing this with you throughout the session.

As always, if you have any questions regarding your child's learning here at school then email the school or phone and I will get back to you.

Kind Regards,

Mrs Paterson ☺

**Water Bottles:** Your child can bring a water bottle to school. Children can top up their bottles throughout the day to ensure they stay well hydrated.

**PE Days:** Wednesday & Friday (children should come to school wearing appropriate PE kit and outdoor jackets)

We aim to get out regardless of the weather ☺

**Health & Wellbeing:** We are currently using 'Class Dojo' and 'Go Noodle' to explore feelings such as anxiety and growth mindset to help us settle back into class.

**Literacy:** Reading books have been issued through Bugclub both online and via texts in class.

Our Talk4writing focus this term is called 'Alien Landing' and our T4W class reader is 'The Hobbit' (which the class have been thoroughly enjoying).

**Numeracy:** We have been using a variety of methods to get back into the way of solving different numeracy and maths challenges.

We have been using Topmarks, BBC Bitesize Maths, Card/Board Games and our Numeracy Blueprint boards to recall some of our previous skills and to learn new concepts.

Sumdog logins will be issued soon for your child to access at home.

**Social Studies:** Japan (this we be covered as a comparative study, looking at the similarities and differences between Japan and Scotland)

We will be reading 'Kensuke's Kingdom' as part of our topic work.

**Science/RME:** These subjects will be taught by Miss Caldwell every Tuesday.

**Home Learning:** This will be delivered via 'Teams' (more information will be given out over the coming weeks)
